**Date you first heard of problem with SI-BONE product.** Tuesday, April 9, 2024

**Date of original surgery (if revision is being reported) or alleged product failure** Tuesday, April 9, 2024

**Indicate affected device(s) (choose all that apply)** iFuse Bedrock Granite

**Part number(s) (please list the number of each part involved)(required)**  
400268

**Lot number(s)**  
N/A

## Product Complaint or Adverse Event?

Decide what type of report you are submitting. Contact [QA@si-bone.com](mailto:QA@si-bone.com) if you have any questions.

**Did the product complaint result in a patient problem?**

NO (Ex: damaged instrument)

## Product Complaint Without Patient Problem

Use this form to report an SI-BONE product problem that was NOT associated with a patient adverse event.

Examples include:

- Damaged instrument/implant
- Broken/ bent/ cut pin
- Pin advancement but no patient injury
- Packaging issue

If patient injury occurred, go back and click YES to report patient problem.

**When was problem detected?**

Failed during use (part broke, dislodged, etc.)

**Date of surgery or use**

Tuesday, April 9, 2024

**Was the physician able to finish the procedure?**

Yes, using a different/new part

**Was any part of product left in patient? Example: broken pin, metal shavings**

No, definitely

*(Information should be from SI-BONE staff who attended initial surgery)*

The surgeon completed all steps in the IFU, including:

- Patient setup (table, spine neutral position, prone or supine position)
- Inspection of instruments and implants prior to use
- Proper views (lateral, inlet and outlet) obtained during use of instruments and placement of implants that clearly showed recommended anatomic landmarks
- Appropriate implant starting position
- (If performed) proper use of neuromonitoring guide pin and equipment
- Use of length gauge for implant length selection
- Were standard wound closure techniques used?

**See summary of IFU steps. Did surgeon complete all steps as shown above (regardless of post-op symptoms)?**

Yes, all steps were completed accurately

**Please describe any step(s) not accurately performed or any notes about the case:**

N/a

**Please describe the details of the event as fully as possible**

One driver was making a unusual noise and the other driver didn't load the screw correctly. The doctor wound up using a competitor screw on the other side.

**Select Adverse Event Type**

*(Information should be from SI-BONE staff who attended initial surgery)*

The surgeon completed all steps in the IFU, including:

- Patient setup (table, spine neutral position, prone or supine position)
- Inspection of instruments and implants prior to use
- Proper views (lateral, inlet and outlet) obtained during use of instruments and placement of implants that clearly showed recommended anatomic landmarks
- Appropriate implant starting position
- (If performed) proper use of neuromonitoring guide pin and equipment
- Use of length gauge for implant length selection
- Were standard wound closure techniques used?

## Continued, recurrent, or new pain

Use this form if pain did not improve, pain improved but then returned, or new onset pain

*(Information should be from SI-BONE staff who attended initial surgery)*

The surgeon completed all steps in the IFU, including:

- Patient setup (table, spine neutral position, prone or supine position)
- Inspection of instruments and implants prior to use
- Proper views (lateral, inlet and outlet) obtained during use of instruments and placement of implants that clearly showed recommended anatomic landmarks
- Appropriate implant starting position
- (If performed) proper use of neuromonitoring guide pin and equipment
- Use of length gauge for implant length selection
- Were standard wound closure techniques used?

## Surgical Wound Problem

Use this form if patient developed postoperative surgical wound problem (infection, dehiscence).

## Other Problem

Use this section ONLY if the patient problem is **NOT**:

- Implant malposition causing nerve irritation
- Pain did not improve or recurred
- Surgical wound problem

## Revision Procedure

Complete this form as thoroughly as possible for a complaint involving a revision surgery.

**You may be contacted for further information if your submission is lacking critical details. We appreciate your thoroughness.**
